

SERVICES SPECIFICATION

Version: V2013.11

1. Master Agreement

ITTrendex and Customer may have executed a Software Development Services Master Agreement (the "Master Agreement"). The Parties agree that the terms and conditions of the Master Agreement govern this Agreement. In the event of any conflict between the terms of this Agreement and the Master Agreement, the Master Agreement shall control. Any use of the ITTrendex services by Customer constitutes acceptance of this Agreement.

2. Services

- 2.1 Customer agrees to purchase or lease from ITTrendex, and ITTrendex agrees to lease or deliver to Customer the following services: a Software Development for Trading Platforms and/or Web applications Development and/or Mobile Applications Development and/or MetaTrader 4/5 White Labeling and/or MetTrader 4/5 Technical support and Maintenance and/or Marketing research and/or System Analysis and/or VPS Service and/or Network services.
- 2.2 Customer is, whenever applicable for Customer, responsible for (i) providing the first point of contact for its end users' support inquiries; (ii) providing software fulfillment to its end users; (iii) running its own primary and secondary domain name service for its end users; (iv) registering its end users' domain names; (v) using BGP4 routing to the Network pursuant to ITTrendex's BGP4 routing policy, if requested by ITTrendex; (vi) collecting route additions and changes, and providing them to ITTrendex; and (vii) registering with the appropriate agency all IP addresses provided by ITTrendex to Customer that are allocated to end users.
- 2.3 Customer may resell the Services to its end users, but shall not resell the Services in their entirety without ITTrendex's prior written approval, which may be granted or withheld in ITTrendex's sole discretion.
- 2.4 Without the prior written approval of ITTrendex, Customer is not allowed to use other connections to Customer's Equipment, other than the Services and other connections from ITTrendex. This includes Internet, Intranet, wireless, DSL, ISDN, PTN, satellite, IX, LAN and WAN connections.
- 2.5 Services can only be used in the applicable month or months and cannot be transferred to other Equipment as defined in an Order Form.
